

How to Make an iMovie (Part One)

- Click on iMovie on the dock.

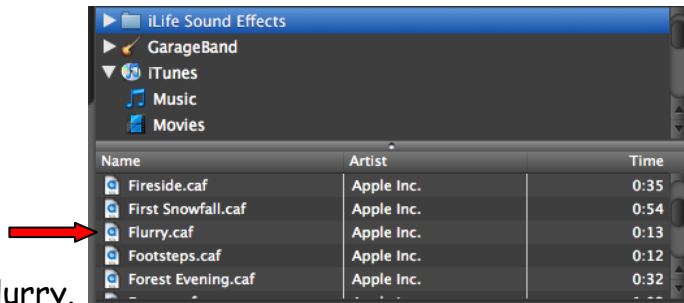

- Your convict project will open.
- Click on the music icon on the right hand side of the project screen.

- Click on iLife Sound Effects.

- The list of music will pop up below. Find the piece of music you chose and wrote in your

contract eg Flurry.

- Drag your music carefully over and drop it in front of the first picture. Part of your project

will turn green, this is the music.

- Now click on the first blue title bar.

- Now click on the name Mary Smith and it will turn blue. Type the name of your convict over it.

- Click on Done.

- Now click on the last blue title bar.

- Click on the Mrs Dowling and it will turn blue. Type your own first name and the initial of your last name (your real name, not your convict name!)

- Click on Done.

- Go to iMovie on the top menu bar and click on Quit iMovie.

- Log Out.
